# Actuator

51-121.0252

https://farnell.eao.com/p/51-121.0252

## Your product:

# 51-121.0252 Actuator

#### FRONT

| Front dimension:      | 24 mm x 18 mm |
|-----------------------|---------------|
| Front form:           | Rectangular   |
| Front bezel colour:   | Black         |
| Front bezel material: | Plastic       |

#### MOUNTING

| Design:        | Raised         |
|----------------|----------------|
| Mounting type: | Panel mounting |

#### **OPERATING-/INDICATION PART**

| Lens illumination:                       | Illuminated                                                                                                                                                                                                                                                                                                               |
|------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ELECTRICAL CHARACTERISTICS               |                                                                                                                                                                                                                                                                                                                           |
| Switching voltage and switching current: | 250 VAC, 5 A (ohmic)<br>250 VAC, 3 A (Soldering terminal)<br>250 VAC, 2 A (inductive, cos(phi) = 0.7)<br>125 VAC, 3 A (inductive, cos(phi) = 0.7)<br>220 VDC, 0.1 A (inductive, L:R = 30 ms)<br>110 VDC, 0.2 A (inductive, L:R = 30 ms)<br>60 VDC, 0.7 A (inductive, L:R = 30 ms)<br>24 VDC, 2 A (inductive, L:R = 30 ms) |
| Contacts:                                | 1 NC / 1 NO                                                                                                                                                                                                                                                                                                               |
| Rated Operational Voltage Ue:            | 250 VAC/DC according to EN IEC 60947-1                                                                                                                                                                                                                                                                                    |
| Switching rating:                        | 250 V @ 3 A                                                                                                                                                                                                                                                                                                               |
| Electrical lifetime:                     | 50 000 cycles of operation                                                                                                                                                                                                                                                                                                |
| Electric strength:                       | 2500 VAC, 50 Hz, 1 min. between all terminals and earth, according to IEC 61058-<br>1, part 15                                                                                                                                                                                                                            |

| Protection class:    | II                                                                                                                     |
|----------------------|------------------------------------------------------------------------------------------------------------------------|
| Standards:           | According to EN/IEC 61058-1                                                                                            |
| Thermal current Ith: | The maximum current in continuous operation and at ambient temperature not exceeding the quoted maximum values.<br>3 A |

### **MECHANICAL CHARACTERISTICS**

| Terminal:            | Soldering terminal                                                                                                                                                                   |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Contact material:    | Gold                                                                                                                                                                                 |
| Switching action:    | Momentary                                                                                                                                                                            |
| Switching system:    | Snap-action switching element                                                                                                                                                        |
| Switching system:    | Self-cleaning, double-break snap action switching system, 1 normally closed and 1 normally open contact per element.                                                                 |
| Mechanical lifetime: | 2 Mil. cycles of operation                                                                                                                                                           |
| Operating force:     | 1,8 6 N, depending on the number of switching elements                                                                                                                               |
| Operating Travel:    | 3 mm                                                                                                                                                                                 |
| Tightening torque:   | Fixing nut max. 0.5 Nm                                                                                                                                                               |
| Wire cross section:  | Snap-action switching element with tinned soldering terminals at the sides<br>Max. wire diameter 2 wires à 1.2 mm<br>Max. wire cross-section of stranded cable 1 x 1 mm <sup>2</sup> |
| Weight:              | 0.006 kg                                                                                                                                                                             |

#### **AMBIENT CONDITION**

**Conformities:** 

| IP front protection:   | IP65, according to DIN EN 60529                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------|
| Operating temperature: | – 25 °C + 55 °C, mounted as a block, make sure the heat can escape freely                             |
| Storage temperature:   | – 40 °C + 85 °C                                                                                       |
| Shock resistance:      | 15 g for 11 ms, as per DIN / EN 60512-4-3, DIN / EN 60068-2-27 (Single impacts, semi-sinusoidal)      |
| Vibration resistance:  | 10 g at 10 Hz1500 Hz, amplitude 0.75 mm (Sinusoidal), according to DIN EN 60512-4-4, DIN EN 60068-2-6 |
| Climate resistance:    | Standard condition, as per DIN EN 60068-2-30<br>Changing condition, as per DIN EN 60068-2-14          |
| CERTIFICATE            |                                                                                                       |
| CENTIFICATE            |                                                                                                       |
| Approbations:          | CB (IEC 61058-1), CQC, CSA, DNV, EAC, ENEC (EN 61058-1), UL, VDE                                      |
